DIE BÄCKEREI KULTURBACKSTUBE

The “Bäckerei” (the German word for bakery) is an old former bakery, which had been abandoned for ten years, until 2010. A motivated bunch of people took over and breathed life into the building. It has now become a successful platform for cultural exchange and social innovation in Innsbruck, which aims to enable people to share knowledge and know-how on cultural themes and topics of social interest.

There is no specific target group of “Die Bäckerei – Kulturbackstube” – we have a wide range of activities suitable for a big spectrum of audience. Whether someone wants to host weekly Yoga classes, music workshops, regular startup meetings or organize a concert or any kind of artistic endeavour, we provide support to make it happen.

Die Bäckerei is a place for experimentation, offering an easy-to-use frame to try things out in our location, which has a usable surface of 1000m². It should not be seen just a venue for event promoters to rent. The goal is to support people in turning their ideas into reality, organize events and projects together and support local social entrepreneurs who are implementing a sustainable and creative business practice.

Moreover, we try to mix different groups of interests, ages and genres to create an untypical situation, which can turn out fruitful in the sense of communication, exchange and networking. The aim is to get people to take part in events - workshops, concerts and longer-term projects - in order to spread the idea of arts and culture as a powerful tool for change.

Every year we organize, co-organize and host more than 300 cultural activities, we offer a very diverse cultural programme, which overall leads to an exciting and diverse work environment and a wide set of skills that can be developed. We also develop and implement formats and projects which take place outside the confines of our building. These are meant to take us out of our comfort zone and enable the transfer of our methodology and knowledge to other communities, while providing a change of scenery and a new challenge for us. We are also co-organising a big festival in the city center with several other cultural institutions of the city - ALLES GUTE FESTIVAL. Our volunteers are more than welcome to be part of events like this!

Your Tasks & Activities

You will work five days a week, around 35 hours a week. There will be a weekend, this means two consecutive days off every week. You have 2 holidays per month during your project time. Volunteering in the field of arts & culture means needing to be flexible sometimes, being ready not to have a strict weekly schedule and to accept working shifts also in the evenings and on weekends. On rare occasions, at very busy times, the volunteer's working time might exceed the weekly limit of 35 hours, in which case the volunteer will get additional free time!

YOUR MAIN TASKS

-- Proactivity -- You will be part of the team at Die Bäckerei and will need to bring proactive energy and engagement – you need to bring in own ideas and contribution to fill your working time. We will provide good guidance.

-- Web content -- You should be interested in and would like to learn how to create web content (photos and videos) for our social media channels and website.

-- Cultural management -- You will be able to develop, organize and supervise cultural events – exhibitions, festivals, concerts, workshops...

-- Maintenance of the venue -- Cleaning, repairing and decorating are also part of cultural work!

-- Personal project -- during the course of the project, we will guide and support you in developing your own personal project, whether it be an event, campaign, workshop, exhibition, whatever fits to your creative interests.

Learning about event management: You will have the chance to accompany our organizers through cultural events and learn from them about stage set-ups, sound and light equipment and communication strategies, among others.

The aim is to have smoothly running events. We try to find a good solution for every specific event together with the organizers and we will guide you through the preparation and the implementation of the event.

Team / Office work: Developing ideas with the team – learning from staff members and bringing in your own topics of interest, learning how to implement an idea – active participation of the volunteers is welcome (especially in relation with social media and communication, but of course more!).

You will work in a diverse and international team, where English as well as German are used day-to-day. You will need to participate in regular team meetings and supervisions (weekly, or sometimes more often).

Idea development is a huge part of Die Bäckerei cultural work – there are several brainstorming and project implementation meetings every week.

Your Profile

You can apply for this project, if you reside in an EU country. Only for people between 18 and 30 years. You must be available for the project full time. (You must not study, work, be in training or any other side occupation that keeps you from volunteering.)

We are open to host volunteers with different backgrounds and especially encourage participants who face challenges in their lives to send their application.

Our wish for this project is to have a volunteer, who is interested in online communication and is motivated to create multimedia content (photos, videos and graphic design). Furthermore, our new volunteer should be interested in curation and culture management. We are seeking a good support in everything that surrounds creating a successful event or project - booking, hospitality, working on event concept, doing event shifts etc.

No experience in the field is required!

Project funding & Lead Organisation: CUBIC

CUBIC was founded in 2005 as a non-profit association to support young people and their own initiative and carry out projects that strengthen international exchange, intercultural learning and integrative processes. With funding from the European Union and the Tyrolean Chamber of Labour, we implement various non-formal education programmes designed to increase the opportunities for young people and young adults to participate in society and improve their chances in the world of work. We pay particular attention to supporting disadvantaged young people.

The duration of this project is 12 months, expectedly from 18. September 2024 until 13. September 2025. We ask you to be committed to participate the whole duration, it's important for the project, your own learning development and for the hosting organisation!

CUBIC has submitted this project to the Austrian National Agency. As we are still waiting for the funding contract (grant agreement), these dates may change. However, we are optimistic, due to good experiences in the past. The EU, CUBIC and Die Bäckerei will finance this volunteering project. The only possible financial contribution that the selected volunteer may need to make is to pay a small share of the travel costs.

The responsible coordinator is ready to answer open questions and to prepare the project with Die Bäckerei, you and the Supporting Sending Organisation. The coordinator's name is : armin.mayr@cubic-online.eu (send applications to Die Bäckerei, not to Armin!).
