HOSTING ORGANISATION

The association komm!unity is active in the areas of youth, integration, and community work in Wörgl and the surrounding area. Within this framework, the ZONE - kultur.leben.wörgl is a cultural space open to people of all ages and backgrounds. It serves as:

- A venue for concerts, theatre, and small-scale art
- A creative space for local initiatives and workshops
- A platform for exchange, inspiration, and networking
- A meeting point for families, friends, and new encounters

The ZONE team constantly develops new event formats to make cultural life in Wörgl more colorful and accessible. The goal: to create a vibrant and inclusive space where *"things just happen."*

The headquarters of komm!unity is in Wörgl (Tyrol, Austria). Wörgl is a small town with 14,000 inhabitants. It is located 55 kilometers north of Innsbruck (the capital of Tyrol) and 100 kilometers south of Munich.

Wörgl and the region offer a variety of leisure activities. Tyrol is a mountainous region, particularly interesting for outdoor enthusiasts. There are many sports opportunities - from hiking and mountain biking to skiing, snowboarding, and tobogganing, as well as swimming and climbing.
